Dermalogica

Dermalogica Professional Skin Treatments

Dermalogica professional skin treatments are customised, results-driven facials designed to improve overall skin health and target concerns such as acne, sensitivity, dehydration, pigmentation, and ageing. Each treatment begins with a professional skin analysis, allowing your therapist to tailor the facial using advanced Dermalogica formulas for visible, long-lasting results.

Ideal for all skin types, Dermalogica treatments restore balance, strengthen the skin barrier, and leave your skin clear, healthy, and glowing.

Face Mapping® Skin Analysis

No Charge

Face Mapping® is Dermalogica's professional skin analysis technique that assesses each zone of the face to identify specific skin concerns. This allows your therapist to customise treatments and skincare for targeted, effective results.
